

QUINTA D'

AGUIEIRA

2017
BAIRRADA DOC
RED WINE

TERROIR

Located in Águeda, in the Northeast of the Bairrada Region, Quinta d'Aguieira features an incredible mosaic of micro-terroirs, painted over its 21 hectares. With the particularity that they rose from the riverbed, thousands of years ago, the soils at the Estate are alluvial deposits and the subsoils are rolled pebbles, coarse sand and some clay. These soils, at the origin of everything and studied for years, showed us the best that could be obtained from them with the most adapted grape varieties.

WINEMAKING

The best grapes, picked by hand, undergo a long maceration with temperature control. After a 12-month aging period, in new French-oak barrels, follows the bottling and aging in bottle for three years.

TASTING NOTES

With a deep garnet color, Quinta d'Aguieira red 2017 captivates by its aromatic intensity. The wild fruits and the black fruit blend with the subtle wooden notes, enhanced by velvety tannins. Harmonious, elegant and complex, this wine stands out for its persistent, long-lasting finish, through the elegance of time.
